Zalocosta Street
Athens, Greece

REGISTRATION No. 1815

Dear Mr. Minister:

I am deeply honored by your letter of 22 September advising me that the Royal Hellenic Government desires that I continue, in my new law firm, to act as its legal advisor. The purpose of this brief letter is to advise you in writing that I gratefully accept this challenging opportunity to continue to serve as your Government's legal advisor and to inform you that our new law firm formally begins operations on 1 November. On that date, I will communicate with you in somewhat more detail.

In the meantime, I take this opportunity to convey to you my sincere appreciation for the expression of your Government's confidence in me, my gratitude for the opportunities to meet with you and members of your excellent staff last month in Athens and my assurances that the desires and instructions set forth in your letters to me will, of course, be carried out in good faith and in pursuit of the best interests of the Royal Hellenic Government on all legal matters with which we are now and in the future entrusted.

Yours respectfully,

Gerry Levenberg
